Dear Parents and Carers

We are very much looking forward to welcoming your lovely children back to school. We have certainly missed them all. It is completely understandable that the children will have experienced a different range of emotions during the lockdown period and also different emotions about returning to school. These may be: worry, excitement, sadness, anger, anxiety, happiness. Every child is different and they will react differently. The emotions that they experience are all normal and we will be encouraging the children to talk about, share and reflect upon their experiences of lockdown to enable them to move forward positively.

With this in mind, we feel that it is important for you to have the opportunity, should you wish to, to tell us briefly about your child's experiences of lockdown so that we are able to support the children in the best way possible. A brief description of their general well-being, how they feel about returning to school and any bereavements that your family may have sadly experienced, since we have been absent from school, will help us to support your child in the best way possible.

You can contact us via the school website: About Us – Family Support – Contact Our Family Support Team or by clicking on the following link:
